**Subject:** RE: ppt  
**Attachments:** 2021-12-1\_ORR Fish Meals Approach final r1.pptx

See attached. Below are the list of revisions made.

- S3 – changed title to match s2
- S4 – adjusted green text box to uncover text you added “other parameters consistent with OW”
- S6 – reworded last bullet to define smaller fish as being <30 g
- S10 – added general equation in italics for total catch rate and moved citation from S11 to S10
- S11 – added “BCK 3.3-4.5 and BCK 0.5-1.5” in parenthesis
- S13 – added the word “statistically” in bullet #6 and added  $10^{-5}$  to the last bullet

Let me know your thoughts on addressing the upper stream reach locations in S8 since they are highlighted on S7 then we can share with Glenn. In a meeting until 12.

Shanna

Hold off on converting to PDF and sending. I think the title on **slide 3** should be changed to match the outline on slide 2 and in **slide 11** I'm going to add in parenthesis “*based on BCK 3.3 and BCK 0.5*” next to the 0.43 in the equation to make it clear that the 43% is for the entire Bear Creek. The 43% calculation is on the following slide.

The only change I made is to the subtitle of slide 4. No other changes.
